

# HIVE PREPARATORY

Publication of HIVE Preparatory School

We are a Tuition-Free Public Charter School serving students in Kindergarten through Eighth Grade

## APPLICATIONS FOR THE 2025-26 SCHOOL YEAR ARE NOW OPEN!

- If you are new to HIVE Preparatory, please visit our website to enroll your student for the 2025-26 school year!  
<https://hiveprep.com/new-student-applications/>
- If you are a returning student, please visit here:  
<https://hiveprep.com/returning-student-applications/>

These will take you to a quick and easy, online application. Make sure to apply early to ensure a spot and avoid the waiting list.

If you'd like to visit HIVE Prep or ask questions in person, tours are available Monday through Friday from 7:30 a.m. to 4:30 p.m. with no appointment necessary. For further information regarding HIVE Prep and its enrollment process, please contact Ketsia Fouquet at [klfouquet@hiveprep.com](mailto:klfouquet@hiveprep.com) or at (305) 231-4888.

**AT HIVE,  
STUDENTS  
SUCCEED.**

### WHY IS HIVE PREP THE BEST CHOICE FOR YOUR FAMILY?

The mission at HIVE Preparatory is to create a Highly Inquisitive & Versatile Education that will facilitate a student-centered, adaptable learning environment. We provide students with a rigorous academic and social preparation that promotes dignity, courtesy, discipline, responsibility and high expectations in order to achieve high academic standards and become productive citizens.

Not only that, but both academics and extracurricular activities have been recognized by the state and other entities numerous times.

### HIVE NAMED 2024 NATIONAL BLUE RIBBON SCHOOL!

Congratulations to HIVE Preparatory for being named a 2024 National Blue Ribbon School by the United States Department of Education! The National Blue Ribbon award is a prestigious honor given to schools that show excellence in overall academic performance and show substantial progress in closing achievement gaps on state assessments. HIVE Prep was specifically awarded the Exemplary High Performing Schools category.

According to US Secretary of Education Miguel Cardona, a school that earns the Blue Ribbon Award is an inspiration and national example to other schools of what it looks like to "Raise the Bar in education."

## HANDS-ON LEARNING HELPS STUDENTS THINK LIKE SCIENTISTS

One of Nature Posting's specialty school programs is called the **S.C.O.P.E Program (Scientists Conducting Observations, Procedures and Experiments)**.

Specific to HIVE Prep, this program creates a Natural Sciences program within the curriculum with the purpose of building future scientists through discoveries, experiences, excursions and encounters. These amazing activities help junior high students fall in love with all things nature and science by promoting environmental stewardship and citizen sciences.

### HIVE

Assistant Principal  
Alejandra Gonzalez  
comments,

*"The biggest positive impact I have noticed from this program is our students' growing ability to think like scientists. They have learned how to problem solve through a difficult task, question what they think they know and challenge each other's findings through logic and data. What has been even more enjoyable to see is how they transfer this thinking into the classroom."*

A notable part of this programming gives students at HIVE the opportunity to learn through hands-on science lessons with Marine Biologist Joy Burgos-Munoz.

As technology continues to grow in this digital world, HIVE is proud to be preparing students to succeed in CE and STEM careers at such young ages. What students experience at HIVE goes far beyond their eighth grade graduation and truly helps launch them toward a promising future.

## PROJECT STEM-AMAZON FUTURE ENGINEER SPONSORSHIP

HIVE Preparatory has once again received the Project STEM-Amazon Future Engineer sponsorship for the 2024-25 school year! This is now the fourth year HIVE has participated in the program, and each year students have thrived through the cutting edge courses. HIVE Prep currently uses the Project STEM-Amazon Future Engineer sponsorship for its Middle School Computer Science (CS) programming. The offered CS courses are created to meet both student and teacher needs, starting at CS basics and working up to a rigorous curriculum that challenges students to think creatively.
